		Intro Physics I	← Class Name
Notes	→	Minimum Grade C	(Lecture hours/lab hours) per week
		(3-3-4)	← Course credit hrs in bold
Pre-requisites	→	MATH 1501	

The pre-requisite must be completed before you can take this class  
A co-requisite can be taken in the same semester or before the class.

CE has a minimum 5 semester prerequisite chain - plan your courses carefully!

### GPA & Grade Requirements

1. All classes taken for BSCE must be taken LETTER GRADE. No Pass/Fail.

2. **Overall GPA:** Must be 2.00 or above at graduation.

3. **Required grades:**

-Minimum grade of D or better is required except as noted.

4. **Major GPA:**

-Must be 2.00 or above at graduation.

-Classes used to calculate major GPA include those with CEE prefix.

### Humanities, Social Science, and Overlay Requirements (Ethics and Global Perspectives)

1. **Humanities Electives:** The current list can be found at: <http://catalog.gatech.edu/students/ugrad/core/corec.php>

2. **Social Science Electives:** The current list can be found at: <http://catalog.gatech.edu/students/ugrad/core/coree.php>

3. **Ethics Requirement** PHIL 3105 or PHIL 3109 or PHIL 3127.

4. **Global Perspectives Overlay:** <http://catalog.gatech.edu/students/ugrad/core/gp.php>

### CEE Technical Electives

Any 3000 level or higher CEE course with the exception of CEE 4801, CEE 8811, and CEE 8812.

Maximum of 3 hours CEE 4699 and 4900.

Non-CEE courses allowed are: COA 4010, CP 4010, CP 4020, CP 4310, and CP 4510.

### Approved Electives

Up to 3 hours of VIP credit can be used as Technical Elective Focus Area; after earning those 3 credits, any additional VIP credits can be used only as approved elective credits.

### Dismissal Policy

Nursing majors must make at least a C grade and demonstrate satisfactory clinical performance in each nursing course that counts toward the degree. Students who do not earn at least a C and demonstrate satisfactory clinical performance may petition for re-entry to the SON Admissions, Progression, & Recognition Committee (More detailed information provided in the Nursing Student Handbook). Students may be approved to repeat only one nursing course. Students who are unsuccessful in 2 nursing courses are ineligible to continue in the program.

NOTE: A 1-hour seminar course is a program requirement during the first semester of the freshman year in all majors but is not counted in the total hours for graduation. The freshman seminar for nursing students facilitates development of skills necessary for a successful and meaningful collegiate experience. Students will take [GCSU 0001](#) to meet the 1-hour seminar requirement.

## Testing

Students admitted to the Georgia College Nursing Program will be required to take nationally normed tests throughout the curriculum. Students who have difficulty with standardized test taking are advised to consider this requirement before selecting nursing as a major. Standardized tests are given in all clinical nursing courses. A standardized Exit Exam is also part of the requirement for graduation in the BSN program.

NOTE: In order to graduate, students must also fulfill other requirements specified in the Graduation Requirements Section of the Catalog.

## Career Information for BSN Graduates

Registered nurses are employed in a wide variety of settings and roles. In Georgia, ample professional opportunities exist in varied health care agencies for graduates of the baccalaureate nursing program. The need for baccalaureate prepared registered nurses increases yearly.

**Accounting, BBA**

Accounting provides the tools to measure, interpret and communicate economic information for decision-making. A basic understanding of financial and managerial accounting information is necessary for all business majors. Accounting Majors develop their knowledge of accounting within the framework of accounting information systems. The development of a student's technical, communication, computer, critical-thinking, problem-solving, teamwork, and leadership skills are critical consequences of the program.

**Coles College of Business**[School of Accountancy \(http://coles.kennesaw.edu/programs/undergraduate/accounting.php\)](http://coles.kennesaw.edu/programs/undergraduate/accounting.php)**Accounting, BBA****Program Information:**

Accounting provides the tools to measure, interpret, and communicate economic information for decision-making. In every economic condition, accountants are in demand and well compensated. Businesses and other organizations always need individuals who can focus on the details and provide a clear and honest analysis of complex data. Today's accountant is a critical member of the organization, using business expertise, communication, and interpersonal skills as well as accounting skills to improve decision making throughout the organization. As an accounting professional, you are likely to begin your career in a large accounting firm. As you gain experience, you will have many career paths open to you. You might rise within a large firm, become the go-to person within a smaller company or nonprofit organization, or start your own.

**Notes/Milestones:**

1. This is a suggested 4-year schedule of courses based on the Accounting degree requirements and course prerequisites in the [Fall 2015 KSU Undergraduate Catalog](http://kennesaw.catalog.acalog.com/preview_program.php?catoid=19&poid=1931&returnto=1564) ([http://kennesaw.catalog.acalog.com/preview\\_program.php?catoid=19&poid=1931&returnto=1564](http://kennesaw.catalog.acalog.com/preview_program.php?catoid=19&poid=1931&returnto=1564)). (If course prerequisites change, you must meet the prerequisites in effect when you take the course, so always check the current Catalog for course prerequisites.) This guide is not a substitute for academic advising – contact the [Coles College of Business Advising Center](http://coles.kennesaw.edu/undergraduate/advising/) (<http://coles.kennesaw.edu/undergraduate/advising/>) in BB 431 if you have any questions about scheduling or about your degree requirements. Also see the online Undergraduate Catalog for more details.
2. You may choose to attend a Summer term to reduce your load during Fall or Spring semesters and still stay on track to graduate in four years.
3. In order to progress to upper-division business courses and graduate with an Accounting Major, you must be admitted to the Coles Undergraduate Professional Program. One requirement for admission is to meet the Coles Sophomore GPA Requirement – you must earn a 'B' average (3.00) or higher on a specific set of 8 courses (and have no grade lower than 'C'). The 8 courses are: ACCT 2100, ACCT 2200, BLAW 2200, ECON 2100, ECON 2200, ECON 2300, IS 2200, and Calculus (MATH 1160 or 1190 or higher Calculus).
4. Participation in an internship is recommended. An overall GPA of 3.00 or higher is required to be eligible to earn academic credit for an internship. Students generally do better if they do not take courses at the same time as the internship. Therefore, if you want to participate in an internship, you should adjust this suggested schedule to include taking classes in the Summer so you can still finish in four years.

5. You must earn a grade of 'C' or higher in all of your business courses, and in your English Composition and Calculus courses.

All first-year, full-time students entering KSU with fewer than 15 semester hours are required to complete KSU's "First Year Requirement" – either a "First-Year Seminar" or an academic "Learning Community". This requirement must be satisfied during a student's first term of enrollment at KSU. There are four versions of the seminar and a variety of academic learning communities that will satisfy the first-year requirement. The seminar is a 3-credit hour course and would fill one of your two "Non-Business Elective" slots. A learning community consists of at least two courses that are connected, and may or may not include a first-year seminar. The courses in the learning community would fit in their normal slots in the BBA program – for example, ENGL 1101. If you complete a learning community that does not include a first-year seminar, you will be able to choose something else to fill that Non-Business Elective slot. (In that case, we strongly recommend "saving" the Non-Business Elective slot to use later in your program – if you do not need to take a first-year seminar this term, sign up for a course that will fill the ART/DANC/MUSI/TPS requirement shown in your second term.)

Apply for Graduation		The Four-Year Plan is designed only as a guide. It does not guarantee; 1) that all courses listed will be offered during a given semester, or 2) if they are offered that the scheduling will not conflict. Estimated time of completion is based on 15 hour semesters, with no summer classes. A change in hours or courses taken during the summer will either reduce (taking 18 hrs. or summers) or extend (taking less than 15 hrs.) the time needed.	

### CRIMINOLOGY CURRICULUM FAQs

#### *What are Criminology Electives?*

These are any Criminology 3000 or 4000 level course that you have not taken, or are not required to take. Meaning, you could take CRIM 4693, Sports, Crime, and Society, which is a criminology elective. However, you could also take an *additional* area course as an elective. For instance, if you took CRIM 4230, Ethics, to satisfy your ethics area, you could then take Police Deviance (CRIM 4211) as a criminology elective.

#### *What are Supporting Courses (Shared with Minor)?*

These are 3000 or 4000 level courses that support your major. They may be criminology or non-criminology courses. If you have a minor, you can share these courses with your minor.

#### *What are General Electives?*

Although it may not show in your Wolf Watch, under potential electives, or general electives, you need 12 hours in order to graduate. These are any courses 1000-4000 that are not PWLA (physical wellness/education type courses).
